

MONTRÉAL - MARRAKECH

by Le Carré des Lombes & Anania Danses

Choreographers Danièle Desnoyers and Taoufiq Izeddiou are creating a co-creation based on the establishment of a dialogue between their respective artistic visions and the different ways they live, practice and present dance in Montreal and Marrakech. Around this collaboration navigates the desire to make their unique choreographic signatures resonate, to cross them and to confront them with each other.

Between finesse and raw energy, improvisation and structure, precision and exhaustion, the artistic sensibilities of the choreographers draw on their very essence to produce a unique artistic object that could not have existed otherwise than through this exhaustive process of sharing.
